Ø 2,3	22	~0,05 ct	~1,10 ct		
In total:	35 pcs		~1,81 ct		

Comments:

The Diamonds Clarity grading is based on 10x magnification, as per the area visible and as per mounting permits. Color grading is based using the face up method after comparing with the CZ-Set. The color of the metal will affect the color of the diamonds to a certain extent. The Carat-Weight of the gemstones mounted in jewellery is calculated by the stones measurements and is given in approximately value.

The examination has been carried out by experts and Graduate Gemmologists of AS Metrosert, Assay Office of Estonia.
